Product Description

Breathable Polyester Spandex Mesh Fabric For Sportswear

Product Description:

The Polyester-Spandex Mesh Fabric is quick-drying, which is great for swimwear and athletic apparel. This feature ensures that the fabric dries quickly after getting wet, reducing discomfort and promoting hygiene. Additionally, it is anti-bacterial, preventing the growth of odour-causing bacteria. This makes it perfect for activewear and workout clothes.

The fabric type of this product is mesh, which is a versatile and breathable material. Mesh fabrics have a distinctive open weave pattern, allowing air to flow through the fabric and providing ventilation. This makes it ideal for a range of applications such as sportswear, lingerie, and even home decor.

Our Polyester-Spandex Mesh Fabric is also wrinkle-resistant, meaning it maintains its shape and smooth appearance even after being packed or folded. This feature makes it convenient for travel or storage, as it does not require ironing or special care.

Whether you are creating swimwear, athletic wear, lingerie, or other apparel and accessory items, our Polyester-Spandex Mesh Fabric is a reliable and versatile option. Its UV protection, quick-drying, anti-bacterial, mesh fabric type, and wrinkle-resistance make it a top choice for designers and hobbyists alike. Order now and experience the quality and durability of this high-performance fabric.
